CHATHAM COMMUNITY LIBRARY

The Chatham Community Library has been open in the Center Chatham Schoolhouse for about 15 years. The books were moved from the Eastman Schoolhouse when the Town sold that building. We've grown from an 18 foot long book rack section to five times that amount or approximately 5,000 copies.

Over the years we've tried to buy as many local history, craft and how-to-do books as we could while keeping our fiction updated. We've received quite a few donations of books, as well as money and labor. Each is greatly appreciated. Each year in July, a flea market is held to raise money. Each year we receive \$200.00 from the Mulford Fund and \$200.00 from the Town. This money is all used for books and supplies to card them for borrowing. All help is donated. The Library is open in the winter 1st and 3rd Wednesdays of the month 1-3 and 6-8 p.m. In summer, starting in June, the Library is open every Wednesday 1-3 p.m. and 1st and 3rd Wednesdays 6-8 p.m.

This year, as in the near future, we need more shelves or racks and some general repairs inside the Library, such as floor sanded and sealed, paint and possibly converting part of the basement to a book room.

Another project I'd personally like to see started is a preservation of our Town History. If anyone has old deeds, pictures, family journals or records they'd share with the Library, please contact me. We'd like to photo-copy the material so it can be shared and preserved. Included in this same project would be pictures of all the houses in town, both past (if could be acquired) and present. Anyone interested? We could use donations of books and your time in helping these things happen. After all - Chatham's History as well as its future is you, the people right here, now. Lend us a hand.

REPORT OF TOWN FOREST FIRE WARDEN
AND STATE FOREST RANGER

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may ve violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

FRYEBURG RESCUE

To the Citizens of the Towns:

1985 has been yet another busy year for the members of Fryeburg Rescue. We did not have as many runs this year - we handled 251 runs in 1985, which was 17 less than 1984. In addition to these runs, our members put in uncountable hours assisting in our many fund raising events which successfully raised the needed funds for our new ambulance which was put into service at the end of December. Our deepest thanks go to the businesses, residents and visitors whose patronage of these events and general donations to our appeals for funds made our goal a reality.

The 251 runs that we handled this year took approximately 2,550 man hours of labor, which is about 10 man hours per call on an average. These runs were divided among the towns as follows: Fryeburg - 154; Brownfield - 52; Lovell - 26; Stow - 3; Chatham & East Conway - 16. We also stood by at 4 area fires during the year. In addition to taking care of the emergency medical needs of our citizens and visitors, our members put in nearly 800 man hours in additional training courses, refresher courses, seminars, etc. to update and maintain our levels of training.

This year's Fryeburg Fair again saw our members putting in nearly 600 man hours in addition to all the other hours put in on our runs and training.

The continued support of the towns, their residents, our summer & winter visitors and all our area businesses is something without which we could not exist. Not only couldn't we continue our work to serve the people of our towns, but a fund raising campaign, such as we waged this year, would never have been so successful. It is such a thrill to realize that your support and generosity has enabled us to raise \$40,000 for the purchase of a new ambulance in less than 1 year and without the assistance of any tax dollars.

On behalf of all the members of the Squad, I would like to thank each and every one of you who have given us your support during this busy year. We know with support like this we don't have to worry about continued support in the future. We know we can count on you to make it possible for us to be there when you need us.

Sincerely yours, Phyllis A. Taferner, Sec./Treas.

ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Administrative Unit No. 9 Board, Conway, New Hampshire -

We have examined the combined financial statements of the School Administrative Unit No. 9 as of and for the year ended June 30, 1985, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements referred to above present fairly the financial position of the School Administrative Unit No. 9 at June 30, 1985 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the School Administrative Unit No. 9. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion is stated fairly in all material respects in relation to the combined financial statements taken as a whole.
